- Following 4-minute prep period, deliver your presentation at the tone.

Check Recordings and Submit

- Listen to your recordings.
- App submits responses to AP Program, and exam is completed.

Your Testing Environment

- Do your best to test by yourself in a quiet room.
 - Remove distractions.
 - Enable the **do not disturb** or quiet setting on your device.
 - Let your parents, guardians, siblings, and friends know when you'll be testing so they don't disturb you.
- Make sure your device is plugged in.
- If you have limited bandwidth, ask others on your network to limit their use of the internet during your exam, particularly high bandwidth activities (e.g., games like Fortnite and streaming services like Netflix).
- Have your checklist and any required documents next to you.

Exam Security

You may not incorporate work which is not your own, and you may not provide or receive aid of any kind from anyone.

To identify students attempting to receive help through the web, a phone, or social media, sophisticated detection technologies and processes will be applied. **Most techniques will remain confidential to maximize their effectiveness.** We will be monitoring social media and discussion sites to detect and disrupt cheating. We may post content designed to confuse and deter those who attempt to cheat. Attempts to cheat will be detected immediately during testing or will be identified in June and July simultaneously with exam scoring.

In addition, students' exams will be:

- Scanned by plagiarism detection software
- Shared directly with their teachers

Students found violating exam security will face severe consequences, which can include having their:

- Names reported to college admissions offices for attempted cheating
- AP Exam scores cancelled

More about exam security can be found [here](#). You can report any cheating attempts here: collegeboard.org/reportcheating.

Check in to Your Exam

- **30 minutes before the start time for your exam,** check in by clicking the specific e-ticket for that exam.
- You'll need to spend a few minutes passing through various security filters to confirm your identity.
- A timer will show how much time remains until the start of the exam.
- Once the exam starts, **the first exam question will automatically appear.** You **SHOULD NOT** refresh your browser.

Time Until Exam Starts

Answering the Exam Questions

- For most exams, the question is divided into parts, labeled in alphabetical order. Use those letters to organize your response and make sure you're not accidentally skipping any part.
- You may use spell check and grammar check, but these will not provide an advantage. If you've installed a Grammarly plug-in, disable it or the exam won't function.
- You may print the test questions and annotate them if you like, but you can't use annotation software to annotate online.
- Exams with more than one question: You won't be able to move on to the second question until the time for the first question has fully elapsed. Once the time for the first question has finished, the second question will automatically appear. Once you submit a question, you can't go back to it.

Managing Your Time

- During the exam, you'll see a timer at the bottom of the screen showing how much time remains to create and submit your response. Keep that timer visible.
- Five minutes before time is up, the timer turns red. You'll see a pop-up reminding you to submit your response. **STOP** where you are and copy/paste or attach your work. Then click Submit.
 - You can still earn a 5, even if you don't finish a response.
 - If you don't submit your response on time, you won't get any credit for it.
- Losing track of time and not submitting a response before time runs out is **not** an acceptable reason for requesting makeup testing.
- AP will set standards for scores of 3, 4, and 5 this year so that it's not more difficult to earn high AP scores this year than it was in prior years.

Submitting Your Response

- Submitting responses is a **two-step process**:
 1. Attaching or pasting your response
 2. Clicking Submit
- If you don't click Submit before the timer runs out, your response will not count.
- Once you click Submit, your response may continue to transfer, depending on your bandwidth. This is fine. You will be able to move on to the next question, even while your first question continues to transfer, so long as you clicked Submit before the time ran out.
- If your response continues to transfer after the exam ends – wait for an on-screen message confirming that your exam is complete– make sure your submissions have fully loaded before you close your browser or turn off or restart your computer.
- If you never see that “Your AP Exam is Complete” message, you should go to cb.org/requestmakeup to explain the situation and request an e-ticket for the June make-up date.

What Could Go Wrong While I'm Testing?

- If you accidentally close the browser, your device crashes, or you temporarily lose internet access, you can quickly **click your exam e-ticket again to return to the exam**.
 - Continue the exam, and if you feel at the end of the exam that the temporary disruption negatively impacted your performance, you can request approval to take the makeup exam at cb.org/requestmakeup.
 - Tip: During the exam, don't refresh your browser or hit the back arrow.
- Don't call: Customer service centers won't be open due to the pandemic. If you lost too much time to a technical problem, aren't able to connect to your exam, or experienced some other serious disruption, you can request a makeup exam.
